Prompt: In a few words, what is your biggest concern about this effort ...

A	Impact on rowing	Native habitat
Safety	Trying to b all things to all	Water quality
Cost	Connection	Pollution
Safety	Safety	Water quality. Safety
Funding	100 yr floods	Maintain water level
Water quality	Water quality	upstream
Money	It won't happen	Won't happen
Upstream river conditions.	Water pollution	Water quality
Water quality	Flooding	Making it happen
That it won't happen	Water quality	High flows
Cost	Water level	Wildlife habitat
It won't happen	Wildlife prevatio	That we will do nothing
Safety	Water Quality	Cost
Water quality	Accessibility	Water quality
Water quality	Poll is flawed - everyone here	Appear to be ignoring
Money	is a kayaker.	adjacent uses
Water quality	Integration	Public buy-in
Finding sources.	Availability to kayak	Flood protection, Safety,
Whitewater	Historic preservation	Cost
Maintain and expand power	Water access	Natural habitat
boating	How do you economically	Actually getting something
Water hazards added	split channel?	done
Plan for implementation	Motorboats	Dog beaches
Balance	G	Government bureaucracy
Safety	Polluted water	Lack of funding
Flooding control	Upstream use	How long it will take to
Safety	Impact upstream	construct.
Stop Dam deaths	Safely invite water	Continuous power boating
Polluted water	interaction	That the dams wont be
Safety	Recreate!	mitigated
Budget	Construction	Yes, that it won't happen. Do
Safety - inexperienced	cost/maintenance cost	it.
motorboat era and kayaker a	Funding	Funding
together	No follow thru to	White water activity
Nothing will happen	implementation	Bacterial impacts from CSI
It will take too long	Water quality	Actually doing it.
Timeline	Water quality	DAMDEBATE Speed of
Level control	fish habitat	completion

We need opportunities
upstream

It won't happen soon
enough!!!

Choices too restrictive

Whitewater opportunities

Maintenance

I want a great surf wave
please

Water quality and habitat

River needs more recreation!

Safety

Lawyers

Upstream water levels

Safety, water quality, water
depths, hazards added

Cooperated use up river

Pipe dream

Failure to see the value of
the project

Flood proof facilities

Prompt: In a few words, what are you most excited about with this effort ...

Paddling	Opening rivers and kayaking	Boating
Whitewater!	downtown	To being river into
Whitewater!!!!!!!	Bringing people to the river.	downtown culture
